

**VINCENT FLEECE** First, I would like to thank the club for this honor of being nominated. I have owned or shown Pekingese for more than 30 years. I'm an AKC Breeder of Merit and a PCA Breeder of Merit. A 25-year member of the Pekingese Club of America and currently serve on its board. I am President of the North Central Illinois Pekingese Club. I enjoy showing dogs in Europe and the United States as I think it broadens my understanding of the breed. I judge the overall dog against the standard.

**STEVEN HAMBLIN** (Dancing Lion Pekingese) has been a dog fanatic since childhood and has had many different types of Purpose-Bred Dogs in his lifetime. But since childhood, the Pekingese has always held a very special place in his heart. In 2011, he decided to return to his favorite breed with a renewed sense of passion and drive. Founding his kennel on Windemere, Pevyne, Draco, and Muhlin lines, he has selectively balanced whelping and showing in the elusive quest for "The One." He is a member of the Pacific Coast Pekingese Club (where he's served on the board and as their AKC Delegate), the Pekingese Club of America (where he currently serves on the board and as their AKC Delegate), and has been a member of the Pekingese Association of New York (formerly Pekingese Association). He also serves on the board of his All Breed club, Los Encinos Kennel Club, and has been the Show Chair for their summer show in Santa Barbara since 2014. Steven judged the Toy Puppy Group for the Mission Circuit Cluster in Los Angeles in May 2017, is judging Pekingese Sweepstakes for Pekingese Club of Central California in October

2018, and he's very honored to be considered for PCA's Sweeps in 2020. Thank you for your consideration!

**MARK STEPHEN** has been breeding and showing Pekingese since 2012 under the prefix Aslan Pekingese with his wife Lori. Mark is a PCA ROM breeder having bred or co-bred 14 champions with several others pointed. He has finished several others that he has not bred, some for clients. Mark has enjoyed watching Pekingese puppies grow up under his feet to watch and assess how they develop and grow at different stages in their lives. He has bred multiple group winning dogs, and strives to continue to breed sound healthy dogs, with great temperaments. When he is not grooming Pekingese, he is either working in Purchasing and Management at Royal Plywood Co., riding his bike, or grooming his second favorite breed the Afghan Hound.
